Dear Ms. McAvey:

Please accept this letter as a representation of our conversation which took place in my office on October 14, 2005. Also present were Dr. Vaughan, Mrs. Flood, Mr. McHale and Mr. Zwick. We had an extensive discussion about your role in reporting a situation that might possibly have involved abuse in the educational setting. You indicated that you had made this report to Mr. McHale. First, let me reiterate that I find your reporting such a suspicion the correct thing to be done by a school counselor.

My concern however, is about your subsequent involvement with the Goshen Town Police and the Times Herald Record. Given the nature of our students, I believe the best course of action for a counselor is to report the issue to his or her school administrator and let the investigation go through its process. I do not believe it is beneficial or appropriate for individual staff members to be involved directly with the police and/or newspapers in instances surrounding student matters.

In the future, should these circumstances arise again, I am directing that you stay in process and work directly with your school administrator.

Sincerely,

Jeffrey D. Smith
